

#### **Education**

B.S. Civil Engineering, 2016  
Norwich University  
Northfield, Vermont

#### **Certifications**

Engineer in Training (EIT), 2016  
Vermont No. 017.0118701

## **Angela Hershberger, E.I.T.**

*Civil Engineer I*

#### **Professional Qualifications**

Angela joined Mesiti-Miller Engineering, Inc. when she graduated with an accredited degree from Norwich University in May 2016. Angela's clear communication skills and attention to detail have made her a valuable member of the Civil Engineering department. Since she started, Angela has collaborated with colleagues and consultants to resolve challenging engineering problems with resourceful solutions.

Angela has gained valued experience with plan drafting, including grading, drainage, and erosion control plans. Angela's design experience includes underground utilities, site grading, ADA accessible routes, and storm water collection systems. Included in her abilities are proficient technical writing skills that allow for detailed and comprehensive engineering reports.
