

**Education**

B.S. Environmental Resources  
Engineering, 2018  
Humboldt State University

**Certifications**

Engineer in Training (EIT), 2019  
State of California

Unmanned Aircraft License (Drone),  
Federal Aviation Administration

**Professional Affiliations**

Engineers without Borders

American Society of Civil Engineers

## Jeremy Potter, EIT

*Engineer II*

**Professional Qualifications**

Jeremy joined MME in 2018 after receiving his engineering degree from Humboldt State University. While there, his primary technical focus was watershed hydrology, storm drainage, and water distribution.

He has practical experience with hydrologic and hydraulic modeling using a variety of software including EPANet, HEC-RAS, StormCAD, win-TR-55, and HydroCAD. Other software proficiencies include AutoCAD Civil 3D specifically working with 3D surfaces and grading, site plans, details, and profiles.

Jeremy has extensive experience in the construction and industrial field as a construction/iron worker, welder, plumber, stationary engineer and other trades that are advantageous to his insight in planning and design. This considerable hands-on experience enables him to conceptualize the application of design and mitigate potential problems before construction.

Mr. Potter earned his drone pilot license in 2024. His precise and creative drone photos and videos have been instrumental in our design process and have contributed greatly to our portfolio.
