B.S. Civil Engineering, 2022
California State University
Fullerton, CA

Registration
Engineer in Training (EIT), 2022
State of California
No. 177005

Nick Salibi, EIT
Engineer I

Professional Qualifications

Nick Salibi joined MME in 2022 after receiving his bachelor's degree in civil engineering from California State University, Fullerton. While there, his primary focus was in the field of structural engineering where he took electives such as bridge design, design of high rise structure, and design of pre-stressed concrete.

At MME, Nick's primary goal is to work collaboratively with team members and clients to complete engineering projects with practical and effective designs. He enjoys taking on challenges that improve his engineering skills and enhances his critical thinking. He has gained valuable experience in a variety of different projects which include new/existing commercial buildings, bridges, seismic anchorage of MEP equipment, retaining walls and seawalls.

Nick has technical knowledge of software programs such as AutoCAD, Risa, Tedds, LPile, Enercalc, Microsoft office and spColumn which help him produce efficient designs and structural design drawings.
